The BONNEWITZ Gardens
PEONIES « POPPIES
VAN WERT, OHIO

Mr. Charles E. F. Bersdorff
1825 Capital St. N.
Washington
D. C.

PRICE LIST

The Bonnewitz Gardens Van Wert, Ohio

IN THE early years of our Peony enthusiasm we purchased over a thousand different varieties, buying them not only from growers in the United States, but also from those in France, England, and Germany. We attended all the National Peony Shows, and during the blooming season it gave us great pleasure to visit private gardens from Virginia in the south to Minnesota in the north, and from Massachusetts in the east to California in the west.

But as we have grown older, and as a result of our wide experience with Peonies, our original Peony enthusiasm retained through all the years is leading us to select for sale to our customers, only the very best varieties we have ever seen.

Consequently our list of over a thousand varieties has been cut down to less than two hundred, so you can be assured that it is a very select list.

In 1920, our first year in the commercial peony business, we began selling two eye divisions of the higher priced peonies. We had found by our own experience, that if this size division was correctly planted and well cultivated that it made just as good a plant in three years as the standard three to five eye division.

Our customers have appreciated the opportunity of making their peony money buy twice as many varieties of high grade peonies, and so this year we again offer Bonnewitz Divisions as they are now called, of all the varieties on our list, at just half the price we quote for standard three to five eye divisions.

We hope you will read our list carefully and we will give our best attention to your order for either Bonnewitz Divisions or Standard Divisions.

Shipping Instructions

Roots will be sent by express and you can pay transportation charges when your shipment arrives.

If you prefer to have your package sent by Parcel Post you may add 10 cents to the price of each division and include this amount in your order and we will guarantee the safe arrival of your shipment.
